WELCOME TO THE NEW SEASON!

Junior Development - Sunday 5 November 2023 to Sunday 10th March 2024,

We are revamping some of our Sunday processes to streamline sign in. Our meeting point will be at the beach in front of the club.

Each age group will be designated a flag and a tub. Inside these tubs, you'll find the sign-in sheets and

caps, allowing our young athletes to easily pick up a cap and sign themselves in. Our sign-in team will also be present to assist if needed.

If you are new to the club or require high-visibility gear, you can speak with our sign-in coordinator, who will be inside and available to help.

We kindly request that the children remain on the beach and be prepared for the session.

SESSION TIMES

6 - 9 yr olds (under 7 to under 10 years) 10.00am - 11.00am

Are you new to Surf Life Saving?

Anyone joining Maranui Surf Lifesaving Club must register with [Surf Life Saving New Zealand](#).

All members need to be registered on the SLSNZ portal so we can enter athletes for carnivals and courses.

There is no cost to do this, and you only ever do this **once** per child/person. Every member receives a unique SLSNZ number.

Please Note: We are unable to enter athletes into carnivals if they are not registered via the SLSNZ portal.

JUNIOR DEVELOPMENT TEAM

The Development team train Tuesday and Thursday from 6:00pm - 7:00pm at the Maranui Surf Club rooms.

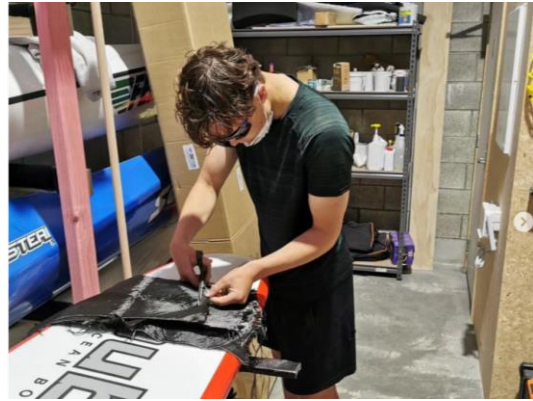

We welcome anyone U11-U14 keen to have more time on boards, learn the technical side of all Lifeguard sport racing and grow skills.

For those who are keen to attend Oceans this is the gateway to enjoying that event.

From Thursday 23rd November we will recommence board up skilling for U10's with 200m badge.

It is a great opportunity for kids to get on a board and learn more fundamental skills.

This is a window into the Development programme our U11-U14 athletes can participate in.

Earlier this month, Coach Rhys conducted a workshop for seniors, encouraging them to become self-reliant in repairing their equipment. Great work, everyone!

We are very fortunate to have our own repair facility affectionately known as 'Fred's Shed,' named after the generous club member who made it possible.
